# Eleven million Americans have received a booster shot

Eleven-point-two million fully vaccinated people have received an additional booster shot, as of Oct. 20, comprising 6% of fully vaccinated people in the U.S. Booster shots became available in August, but only for those who received the Pfizer-BioNTech vaccine for their first two shots and fall into high-risk categories.

NUMBER OF PEOPLE WHO ARE FULLY VACCINATED AND HAVE RECEIVED A BOOSTER SHOT
